

The Laymen of the Louisiana State Convention Present:
"LIVE AT NEW ZION" CD

New Orleans, LA -- The Laymen of the Louisiana State Convention had hoped to have available their new "Live At New Zion" CD when the convention was convening in New Orleans this past September 6 – 10, 2004.

The CD was recorded by the laymen of the state under the name the Louisiana Laymen Ensemble. But due to the time necessary to do the mixing and duplicating, it was not available.

The "Live At New Zion" CD is a compilation of songs rendering praise and worship. The CD is dedicated to the memory of their late state president Aaron J. Cains. The proceeds will go to their scholarship program for young men and general junior laymen activities.

State Laymen Director Charles Hunter of New Orleans served as the Production Coordinator. The recording was done at his church New Zion Baptist Church where Dr. C. S. Gordon, Jr. is the pastor.

Much of the Louisiana laymen's work is promoted under their state theme, "There Could Never Be A Better World, Until We Have Better men".

Following is an order form for persons to submit orders for the CD. The donation is \$10.00 for CD's and \$5.00 for cassette tapes.
