BACKGROUND: As a part of the Home Mission Board's Micah Social Justice Ministry we are seeking out Pastors who have Social Justice Ministries in preparation for our anticipated 2013 Faith, Family and Community Empowerment Conference. We will highlight Social Justice Ministry (SJM) and would like to have a mailing list of pastors who have a strong burden for or interest in SJM. We would like to know how your SJM is being manifested in your church and community. We would like to do a SJM feature in our Mercy & Might newsletter by promoting best practices that other pastors and their churches can profit from.

One of many services that we offer pastors is information sharing and instruction on how to develop a SJM or enhance existing ministries. We welcome the opportunity to assist you in your efforts to connect to existing national and inter-national faith-based SJMs. Contact Rev. Charles Mock for more information:
