

Greetings Sisters and Brothers,

We greet you with Jesus Joy as we, the National Baptist Convention Family celebrates 140 years of Kingdom Business, all to the Glory of God. The Woman's Auxiliary is proud to be a part of such an august body of believers.

Thank you to all women who have been a vital force in this women's ministry. To all officers, coordinators, committee members, you have done an outstanding job assuming and fulfilling your responsibilities. Women, you have created lasting relationships with other women with a common goal. We are so happy to undergird our young women who are a blessing to us. We need one another.

It's all about reaching souls for Christ. The Each One, Reach One Approach is one that includes each of us.

As we approach another year of service, it is our prayer that we make no excuses about the new normal but serve the Lord with gladness like never before.

It is true that many churches have temporarily left their buildings, but the church is in us. We are the church and we should be busy doing the work of the church.

Blessings to our Editors, Sister Paulette Henderson, The National Baptist Woman and Dr. Karen Hayes Harris, The Mission for your labor of love in the production of our resource materials.

May we continue to lift our leader, Dr. Jerry Young and the convention in prayer.

**In His Service,
Cynthia Perkins Smith, President
Woman's Auxiliary, National Baptist Convention, USA, Inc.**
